

## MK1- B XL Technical Specifications

The MK1-BXL finger pinch protector guard is installed on the hinge-pin or pull-side of the door. It is double the width of our original MK1-B to accommodate XL barrel hinges, pivot doors and wider openings.

### Material

Made in the USA. Constructed of high-quality PVC (UL V-O rated) with TPE hinges. Retrofitted using screws or 3-M adhesive tape (supplied on request) for glass doors.

### Overall Width

10"

### Length

Stock size is 96"  
Can be easily cut to size on site.

### Color

Grey, Black and White

### Durability

Durability: U.V. and high impact resistance. For interior or exterior doors. Easily cleaned.

### Performance

Unlike an inferior finger shield or wrap around device, Fingersafe MK1-B XL allows even a fire door to open to 180 degrees . It also offers draft exclusion and is a smoke inhibitor.

### Availability and Cost

Fingersafe MK1-B XL are stocked in 96" with a one week turn around. A two year warranty is offered on fair wear and tear, supply only. Samples may be supplied on request to a potential client for evaluation purposes.
